The I Heart System is an integrated web solution that links business to business, business to consumer, and community to community. An interactive resource, it provides the latest and most cutting edge services in Online Effectiveness Management as a means to not only reach, but to reach out and connect.

Each personal I Heart Page will give Your business access to:

- A simple to use Content Management System (CMS)
- Social Media Integration
- Email Marketing System
- Automated Content Generation with RSS integration
- Personalized Search Engine Optimization
- Text Mobile Marketing
- Automatic link to Google Maps and Google Places
- An Increased Digital Footprint

The I Heart System offers a wide range of advertising options to meet your business' objectives. Whether your objective is to launch a new product or service, provide a website, build brand awareness or drive traffic to your store or website, we deliver effective results.

TARGETING CAPABILITIES

- Demographic and behavior-based targeted IAB standard advertising to maximize your return on investment.

SPONSORSHIP OPPORTUNITIES

- Ability to sponsor our local events and/or sections within The I Heart System

CUSTOMIZED ADVERTISING PACKAGES

- Ability to customize packages based on your advertising and audience targeting objectives.

LOCALIZING CAMPAIGNS

- Ability to localize your campaign per market, which can include customizable splash pages and micro websites.

DIGITIZING ADVERTISING

- Ability to digitize your print promotion on our websites.

If you would like to learn how to use this tool that is available to you for free, or inquire about advertising options please contact remembermedia.
